

Four of a Kind - Natural Hazards

Group the words below into 4 of a kind. Explain your groupings.

Earthquake	Flooding	Crust	Conservative
Inner core	Oceanic crust	Mountain avalanche	Collision
Tsunami	Mantle	Plate tectonics	Tropical storms
Destructive	Volcano	Constructive	Convection currents
Continental crust	Tornadoes	Droughts	Outer core

Can't work it out? How many key words can you define?

Challenge: Create your own four of a kind for this topic.
